HEARNE'S BRONCHITIS CURE.

THE FAMOUS REMEDY FOR
COUGHS, BRONCHITIS, PNEUMONIA,
PLEURISY, ASTHMA, & CONSUMPTION.

Those who have taken this Medicine are amazed at its splendid healing power. Sufferers from Bronchitis, Cough, Croup, Asthma, Difficulty of Breathing, Hoarseness, Pain or Soreness in the Chest, experience delightful and rapid relief, and to those who are subject to Colds on the Chest it is invaluable, as it effects a complete cure. It is most comforting in alaying Irritation in the Throat, and giving Strength to the Voice, and it neither allows a Cough nor Asthma to become chronic, nor Consumption to develop. Consumption is not known where "Coughs" have, on their first appearance, been properly treated with this medicine. No house should be without it, as, taken at the beginning, a dose or two is generally sufficient, and a complete cure is certain.

BRONCHITIS AND PNEUMONIA CURED BY HEARNE'S BRONCHITIS CURE.

ANOTHER OTHER TREATMENT HAD FAILED.

Mr. W. G. Hearne, Dear Sir,—From a strict statement of fact, that others may know what to do when the awful fact is evident, that a life is in danger being lost:—In September, 1906, my little girl, aged 12, at that time, was most ill, and I had to take her to the Doctor. On examination, it was found that she was ill with Consumption, and Congestion of the Lungs. She was attended by a legally qualified doctor of high standing, and the progress of the illness. On Saturday, the 21st October, 1906, he said that her life was in danger, that there was very little hope for her. For eight days, and nights, I did not sleep, and was up all the time, watching over her. I had to give her a dose of medicine, and was persuaded by a friend to obtain Hearne's Bronchitis Cure, which I continued to give her, and the progress of the illness, as directed in the Catalogue of Medicines which accompanies each bottle of the Bronchitis Cure. I gave her medicine, and directed, and there was an improvement in the first dose, and then another dose. The improvement continued after each dose of the medicine. In a week she was perfectly free from the Pneumonia, Congestion, and Consumption, and was well except that she was still weak. In a fortnight she was quite recovered, and is now in splendid health, and stronger than ever. Any person asking for the information about this, I will be pleased to give it, and am very anxious of my neighbours, who have witnessed its wonderful effects. Yours gratefully,
J. BLAINE, Westminster Bridge-road, S.E., London.

CONSUMPTION,

TOO ILL TO LEAVE HIS BED—A COMPLETE CURE.

Mr. W. G. Hearne, Dear Sir,—I am writing to tell you about the wonderful cure your medicine has effected on my son. About three years ago I began to cough, and it was evident that a life was in danger being lost. I got worse, and I became very weak, and troubled with night sweats, pain in my chest, and great quantities of phlegm. On several occasions the doctor was called in, and I was told that my son had consumption. The pronounced case to be consumption, and various other treatments had been tried, but without success. It was a case that there was very little hope for her. For eight days, and nights, I did not sleep, and was up all the time, watching over her. I had to give her a dose of medicine, and was persuaded by a friend to obtain Hearne's Bronchitis Cure, which I continued to give her, and the progress of the illness, as directed in the Catalogue of Medicines which accompanies each bottle of the Bronchitis Cure. I gave her medicine, and directed, and there was an improvement in the first dose, and then another dose. The improvement continued after each dose of the medicine. In a week she was perfectly free from the Pneumonia, Congestion, and Consumption, and was well except that she was still weak. In a fortnight she was quite recovered, and is now in splendid health, and stronger than ever. Any person asking for the information about this, I will be pleased to give it, and am very anxious of my neighbours, who have witnessed its wonderful effects. Yours gratefully,

BRONCHITIS.

A SUFFERER 12 YEARS OF AGE,
THOROUGHLY CURED BY TWO BOTTLES OF
HEARNE'S BRONCHITIS CURE.

IMMEDIATE RELIEF—EFFETS WONDERFUL.

Mr. Hearne, Sir,—The very ill with Bronchitis, and a sufferer from a friend of mine persuaded me to try your Bronchitis Cure. The first dose gave me immediate relief, and after taking the second bottle I was thoroughly cured. Its effect on my life has been wonderful, and I am now in perfect health. Any person asking for the information about this, I will be pleased to give it, and am very anxious of my neighbours, who have witnessed its wonderful effects. Yours gratefully,
THOMAS R. TREVIZE, Reed Creek, Victoria.

PRUDENCE M'KEE, of Carr-street, South Geelong, is view of the importance of a person making it quite clear what the cure is, and what the medicine, directions, and treatment of a legally qualified doctor had failed, state as follows:

Henry M'Kee, then aged 8 years, had been attended by a legally qualified doctor, who pronounced him to be suffering from Pneumonia, Pleurisy, and a stoppage of the lungs, and was sending him to the doctor to treat the child gradually got worse, and the doctor pronounced the case hopeless. He told me that the child could not live, and at an early stage obtained Mr. W. G. Hearne's Chemist, and gave it to the child, a bottle of Hearne's Bronchitis Cure, which accompanied each bottle of the asthma, which accompanied each bottle of it. The child improved after the first dose, and within a week was free of Hearne's Medicine alone, and within three days he was free from the Cough, Pneumonia, and the Pleurisy, and in a fortnight he was completely cured. He has been in a state of perfect health ever since. Any person asking for the information about this, I will be pleased to give it, and am very anxious of my neighbours, who have witnessed its wonderful effects. Yours gratefully,
PRUDENCE M'KEE,
Carr-street, South Geelong, 6th February, 1906.

BEWARE OF IMITATIONS! The great success of HEARNE'S Bronchitis Cure has induced a number of unprincipled persons to make imitations, each calling his medicine "Bronchitis Cure," with the object of deceiving the unsuspecting, and so getting a sale for an imitation which has none of the beneficial effects that HEARNE'S Bronchitis Cure has. Consequently it has become necessary to draw your attention to this fact, and to request you in your own interests to be particular to ask for HEARNE'S, and see that you get it.

HEARNE'S BRONCHITIS CURE, Small Size, 2/6; Large Size, 4/6. Sold by all Chemists and Medicine Vendors, and by the Proprietor, W. G. HEARNE, Chemist, Geelong, Victoria. Forwarded to any address when not obtainable locally.

NEW SOUTH WALES BRANCH OFFICE: Greer's Chambers, 522 George-street, Sydney.

THE SURVIVAL OF THE FITTEST.

FINEST OF MOTOR BUGGIES.

Motor Buggies have come and gone, and left the Schacht in full possession of the field, as the finest and most popular. It is the Schacht, as far as the buggies go, that is considered the best.

It has fine appearance, is an excellent hill climber, steady, economical, and reliable.

It is highly appreciated by its users.

A selected customer writes:—

"I have a few lines to let you know that the Schacht Buggy I recently purchased from you is the finest I have ever seen. I have not as yet had time to use it, but I am sure it is a good buy."

"The roads were so bad that I was unable to form any estimate of the consumption of petrol, but I should think, if given a fair chance, with decent roads, it would be about 20 miles to the gallon."

"We had the Schacht Buggy for a week in New Zealand, and the general opinion was that it was the best."

"The Schacht Buggy is the best I have ever seen. I have seen many, and I have seen them all."

"There were two buggies taken on their way down, and a car had spent the whole of the night trying to get them out. The Schacht Buggy was the only one that got out, and I think that is a good sign."

A present was also given for Mrs. Steebohm.

Mr. John K. Clark, owner of Ghoblenstadt station, near Boggeral, died in a private hospital in Sydney on Thursday afternoon. He purchased Ghoblenstadt about 43 years ago from the late Mr. Denison. For many years he took a prominent interest in the welfare of the school children and their parents. He was a good friend to all the seafarers, and frequently assisted them in more ways than one. The first seafarer on the run considers the late Mr. Clark the best friend he ever had. Nothing delighted the deceased more than to take an occasional trip up the mountain range after the late Sir John Moore. He was a member of the G.M.C. and entertained the delegates of the world's Chambers of Commerce at Ghoblenstadt wharf. Mr. Clark leaves a widow, two sons, and four daughters. One of his sons, Mr. Robertson Clark, is private secretary to Lord Illington, Governor of New Zealand. He previously occupied the same position with Sir Harry Rawson in this State. The other son is Rawson in the diplomatic service.

Mr. Scott, for the past 20 years actively identified with public affairs in this town and district, and for some years Mayor, died at 8 a.m., to-day (Sept. 23) and 51, after a long illness. Mr. Scott was a prominent international intercolonial cricketer. He was a member of the 1884 and 1885 teams visiting England, the latter team as captain.

At the age of 65 years Mr. George Haydon, a pioneer settler of the district, died at Peirson's Station, Marlborough, the other day, after a long illness. He was born in 1845, and died September 14. The deceased was a boy with his parents from Hampshire to Canada. When the rebellion broke out in 1837 he joined the volunteers, and a smart skirmish between the volunteers and the rebels, but the latter were routed and soon dispersed. The Government of Canada paid the expenses of the rebels, who were then sent to Weddell Bay in the spring of 1911.

TARIFF REFORM AND LAND.

FOREIGNERS' BID FOR OVERSEAS TRADE.

MR. A. CHAMBERLAIN'S CAMPAIGN.

LONDON, Sept. 23.

Mr. Austen Chamberlain opened his autumn political campaign at Birmingham last night.

Mr. Chamberlain said that tariff reform and land were the chief questions of the Unionist policy.

Referring to the Osborne Judgment of the House of Lords, declaring illegal trade-unions levies for political purposes, Mr. Chamberlain said: "A revision of the Osborne Judgment would be contrary to the conception of liberty. It would be a monstrous abuse of power if an organised majority could force men who have joined the unions for the sake of sick pay, out of work to pay for the support of political principles they repudiate."

On the question of tariff reform, Mr. Chamberlain declared: "Foreigners are at the alert to court the custom and secure the trade of our overseas dominions. It will be preferable if the Imperial Conference passes without fortifying the Imperial trade position."

A PECULIAR POSITION.

WELLINGTON (N.Z.), Friday.

The Arbitral Court yesterday heard the employers' evidence in the Canterbury-Welington sheep-shaving dispute. Mr. Laracy, secretary of the Shearers' Union, said he had no objection to it.

The Plaintiff asked if the Court awarded him 7s. per 100, what was that going to happen? What would the union do?

Mr. Laracy, the Attorney-General, said he would advise the shearers to become workers within the meaning of the Arbitration Act.

The Court adjourned till to-day for the employers to consider whether in these circumstances they desired an award or preferred the Arbitration Act. On resuming, it was stated that an award was to be given. The Court will probably deliver an award to-morrow.

SHIPBUILDING LOCKOUT.

THE EDINBURGH CONFERENCE.

LONDON, Sept. 23.

At the conference in Edinburgh yesterday between representatives of the Shipbuilding Employers' Federation and delegates of the boilermakers who are idle in the north-east, the masters rejected the men's proposals respecting assurances as to the future of the imperial navy.

The event has attracted little attention but it is an epoch-making one. Australia and New Zealand will soon be in a position to make a serious contribution to the force of the Empire in a part of the world where a naval force will be required in a very few years.

The fact that Australia's destroyers are ocean-going proves that the Australians are not influenced by narrow views of local defence.

If the men did not pay up, the report said, the society was to refund them if, at the end of six months, the men had still not paid up, the masters not desiring to cripple the society. The masters, moreover, promised not to employ men expelled from the society.

In the House of Representatives to-day the Land Tax Bill was further considered in Committee.

On clause 3, "Definitions".
The Attorney-General said there was no uncertainty as to what "land" meant. Under the Act, unimproved value could only apply to land, and not tenements or improvements on the land.

Sir John Quigley (Lab., Victoria), thought mining companies holding Crown leases should be excluded from the Bill. At present no provision was made to exempt them.

The Attorney-General: I am glad the hon. member has drawn my attention to this. It will be attended to when we reach the clause dealing with Crown leases.

Mr. Glynn (Lab., S.A.) thought that the Bill was clear enough—that mining leases from the Crown would not be taxed.

Mr. Cook (Lab., N.S.W.) noted that the Government would bear in mind the right-of-way on mining leases.

Sir John Quigley: Some mining leases had to pay other companies as much as a ton for right-of-way over the property.

The Attorney-General: We will bear that in mind. Mines held in freehold will be taxed.

Mr. Glynn: The amendment in relation to land means the capital sum which the fee simple of the land might be expected to realise if offered for sale on such reasonable conditions as could be made.

Mr. Cook: I am afraid that the actual improvements thereon (if any) had not been made.

Mr. Glynn (Lab., N.S.W.) moved an amendment to add to the clause the words, "including improvements made by the owner or occupier, which though not of the land, have been made for the convenience of the land, for example, for drainage, prevention of inundation, irrigation, or for better access otherwise".

The Attorney-General did not think the words were necessary, because he was going to add to the words "otherwise" the words "or otherwise".

Mr. Glynn: Then, in order to amend the clause, I moved the words "or otherwise".

Mr. Cook: I moved the words "or otherwise" through the word "otherwise".

Mr. Glynn: Then, through the word "otherwise", I moved the words "or otherwise".
